### Descrizione :

Everything a color-changer needs!

Variety is the spice of life! Our PCC-575E color-changer thinks the same way. On middle-sized and big stages he creates, true to its name, the most different colors and effects. And withal, it is absolutely well-resourced and disposes of all, a really good color-changer needs. Another benefit is the electronic ballast, that distinctly reduces weight and moreover creates a more powerful luminosity and a projection with less flickering.
