

ALUTRUSS TRISYSTEM PST-3000 3-way cross beam

High-quality truss system

Art.n.: 6020460B

GTIN: 4026397509922

Descrizione :

TRISYSTEM PST 3-point truss system

TRISYSTEM PST is a 3-point truss system made of aluminum. The individual elements are connected via three tube fasteners and two M10 bolts and nuts.

The three main chords are made of 50 mm aluminum tube with 2 mm wall thickness and offer a good relation between strength and weight. The braces have a diameter of 16 mm with 2 mm wall thickness and leave enough space for installing couplers, hooks and clamps.

With 263 and 238 mm outer dimensions, TRISYSTEM PST is a relatively compact truss system for higher loads. TRISYSTEM PST is mainly designed for permanent installations in shops, discotheques and theatres.

By using the optional rapid snap connectors, this system can also be used for fair installations and event installations.

Altogether a universal truss system impressing with its wide range of standard system lengths, corners and accessory.

Features :

- Extreme stability
- Easy installation
- Low weight
- For exhibition and shop installers, discotheque and theatre installations
- 1 x Connection set included
- Tubo della cinghia: 50 mm

Logistica

EAN / GTIN: 4026397509922

Peso : 12,07 kg

Lunghezza : 3.00 m

Larghezza : 0.31 m

Altezza : 0.27 m

Merci voluminose

Dati tecnici :

Tubo della cinghia:	50 mm x 2 mm
Materiale del tubo:	EN-AW 6060 T66 (AlMgSi0.5)
Colore:	Color alluminio
Spessore x diametro del puntone:	16 x 2mm
Misure:	Lunghezza: 300 cm Larghezza: 26,30 cm Profondità: 26,30 cm
Peso:	10,17 kg
Connectors:	200 x 3 mm
Welding material:	AlMg 5
Welding technique:	TIG-welding

Contenuto della confezione:

1 x set di connettori
