

W10) E6510135

A black PCB with a central circular cutout. It features various components labeled L1 through L16. L1 is a white rectangular component at the top center. L2 through L16 are small, square, yellowish components arranged around the perimeter and bottom. The PCB has several mounting holes and a central circular cutout. Text at the top reads "CMT_DR_STROBE_Dynamic_LED_V1.0" and "03B8407 94V-0".
