

PSSO CSA-218B top, black

Compact speaker array for touring purposes and permanent installations

Art. No.: 11040804

GTIN: 4026397362862

The article is no longer in our assortment.

Description:

The CSA high-mid speaker units, they are very powerful and feature a horn tweeter with 3.5 cm driver and, depending on the model, one or two 20 cm woofers (CSA-218 or CSA-228 respectively). The tweeter of the smaller version, the CSA-218, ensures a horizontal and vertical dispersion angle of 90°. Thus the CSA-218 can be used standing or lying without having to make compromises in terms of sound or directivity. The larger version, the CSA-228, is designed for upright use and has a dispersion angle of 90° x 40°.

Where should the CSA be used?

We can recommend mobile use. Concerts or weddings are supported in a powerful, resonant and linear way. But as it is quite versatile, the CSA should not be reduced to our suggestion only.

Features:

- Lightweight housing due to high-quality special plastic
- Wide dispersion angle: 90° horizontally and vertically

Technical specifications:

Power:	Program: 300W Rated: 150W RMS
Frequency range:	70 - 18000 Hz
