AIRSIS 2.4G Wireless XLR Kit (mic/line)

Wireless XLR audio system for dynamic microphones and line signals, 2.4 GHz

Art. No.: 13072203

GTIN: 4026397744729

Features:

- Plug-on system with transmitter and receiver ready to use
- Eliminates troublesome cable runs
- For use with mixers, active speakers and dynamic microphones
- Automatic pairing
- 24 bit/48 kHz for the ultimate sound quality
- Rechargeable lithium batteries
- Several receivers can be coupled with a single transmitter
- LED indicator for monitoring the operating status
- Sample rate: 48 kHz
- Note: The device does not provide phantom power. Therefore, only dynamic microphones and condenser microphones that are battery-operated can be used.
- Operating range up to 30m with line-of-sight
- 2.4 GHz license-free worldwide
- Ultra-low latency transmitter
