### Description:

Are you planning a motto- or Halloween party and still looking for a stylish decoration for the appropriate, eerie atmosphere?  
Our Halloween sets in different variations and sizes are the ideal basis for your chosen theme. Ghosts, witches, pirates and matching accessories will inspire your guests.  
You determine the creep factor yourself.  
The impressive, 1.70 metre tall Halloween ghost tree impresses with its high-quality fibreglass workmanship and is suitable for protected outdoor areas.  
A small fog machine or a small spotlight (both optionally available) can easily be placed in its hollow tree trunk, which is closed at the top. This special effect makes the creepy face of the trunk even more visible. The Zombie upper body with its red LED eyes, which is included in the set, gives the impression of reaching for the visitors directly from the ground of his tomb - a corresponding gravestone is included in the delivery of the ghost tree set.  
Complete your personal set with additional accessories such as spiders, spider webs and a skull.
