Art. No.: 32000022

GTIN: 4026397588866

List price: 451.01 €

incl. 19% VAT.

Description:

A must for mobile DJs

Here you get a stable DJ stand, which you can set up in no time at all without tools and transport very easily. The Mobile DJ Stand helps you to prepare your performance neatly and professionally in no time at all.

Quick setup and professional look

The DJ stand can be set up by yourself within a few minutes without any tools. You cover the stable folding frame with the included cover. This not only makes the wiring disappear, but also provides a professional look. Illuminate the cover's stretch fabric from the inside, for example with two small LED spots.

Sturdy and easy to transport

The folding frames of the DJ stand are made of robust steel tubes. They have a weight of 22 kg, but can carry 50 kg: a weight that most DJ setups never reach and which shows how stable the structure is. Your equipment stands on the firmly anchored wooden plate, which is covered with non-slip felt. The DJ stand is delivered folded up in a bag. So you can transport it comfortably and space-saving.

Features:

- Collapsible panels for easy storage and transport
- Ideal to conceal DJ equipment and cable clutter
- Translucent stretch fabric - can be backlit with any lighting effect
- 2 shelves with black felt cover for DJ equipment
- Fast assembly without any tools

Logistic

EAN / GTIN: 4026397588866

Weight: 22,45 kg
