

EUROLITE Audience Blinder 4xPAR-36 sil

Audience blinder for 4 PAR 36 120V/650W lamps

Art. No.: 42103420

GTIN: 4026397580556

Description:

The slightly different "lighting effect".

Well-known from big open-air concerts and equipped with 4 or 8 Par 36 spots, this light effect is designed for stage use and also for discotheques.

The rugged casing is fitted with 4 or 8 lamps (according to the model), which are switched on simultaneously and blind the audience so strong that the surroundings cannot be figured out any more for a short time.

High quality at a low price makes this special light effect interesting for smaller discotheques and mobile discotheques, too.

The audience blinder is designed for floor-installation and also for ceiling-mounting and is equipped with two stable clamping screws.

Furthermore, the two spot lines can be turned in different directions and thus enable a wide spreading.

Logistic

EAN / GTIN: 4026397580556

Weight: 6,40 kg

Length: 0.48 m

Width: 0.55 m

Height: 0.11 m

Features:

- Each lamp is individually connected to an internal lustre terminal, so that any lamp of your choice can easily be wired
- Extreme and lightning-fast light displays
- With horizontally adjustable lamp rows for even more possibilities
- The device is cooled by passive convection cooling
