

EUROLITE Motor for Mirror Ball LED FC

Motor for mirror balls up to 15 cm with colored illumination

Art. No.: 50301090

GTIN: 4026397445503

Description:

This battery-operated mirror ball motor by Eurolite reflects beautiful light effects on ceilings and walls; without any external lighting! This motor has been designed for mirror balls up to 0.5 kg and is simply mounted using the folding clamp or screwed to the ceiling. Not only does it steadily rotate the ball with 11 rotations per minute but it also illuminates it from above with 18 color LEDs. The reflecting light then covers the room in an infinite sea of moving light dots.

Use the toggle switch to select either permanent light or the sound-controlled mode with soft color changes. Three 1.5 V batteries, type AA, are required for operation.

Features:

- Plastic housing with 18 LEDs (6x white, 4x green, 4x blue and 4x red) which illuminate the mirrorball from above
- 3-step mode-selector with the following functions: all on, all off, sound-controlled beam movement
- Suitable for driving mirrorballs up to a maximum weight of 0.5 kg
- Before taking into operation for the first time, the installation has to be approved by an expert
- 18 LEDs R/G/B/W
- Control via on/off switch on device; sound to light via microphone
- Easy installation

Technical specifications:

Power supply: 4.5V DC

Logistic

EAN / GTIN: 4026397445503

Weight: 0,27 kg

Length: 0.14 m

Width: 0.14 m

Height: 0.09 m

Power consumption:	Max. 1 W
Protection class:	Protection class III
Power connection:	Battery/battery pack (not included) Battery/battery pack
Battery:	3 x Mignon (AA) (not included)
Lamp type:	LED lamp
LED type:	18 x R/G/B/W
Speed:	3 RPM , 360 °
Control:	On/off switch on device; sound to light via microphone
Setup:	Easy installation
Maximum load:	0.5 kg
Housing color:	Black
Material:	Plastic
Dimensions:	Height: 7.5 cm Diameter: Ø 13 cm
Weight:	0.21 kg
Material:	Metal
Color:	Black
Dimensions:	Length: 20 cm

Scope of delivery:

- 1 x motor
- 1 x chain
- 1 x user manual
