Description:

Something for everybody. The smallest unit of this CFL live mixer series disposes of 12, the biggest unit disposes of 32 mono inputs. Normally, live mixers have faders from 70 - 80 mm. The CFL series has remarkably long faders that easily reach 100 mm. Although it is very low-priced, the series is highly resistant and by offering four subgroups and four Aux-Sends it is really well equipped. In total: powerful but not pricy.
