

EUROLITE LED Strip 300 5m 3528 blue 12V

Striscia LED flessibile per l'illuminazione decorativa all'interno

Art.n.: 50530525

GTIN: 4026397255072

L'articolo non è più disponibile.

Descrizione :

With its numerous LED strips, Eurolite offers light on tape for technical decoration or bar illumination.

The flexible LED strips have a length of 5 meters. Unichrome versions - red, blue, green, yellow, cool white, warm white - are complemented by two RGB versions. The single colors can be ordered either with a wide span (150 LEDs) or with a short span (300 LEDs) between the LEDs. The RGB versions are available in 12 V or 24 operation - LED quantities are 150 or 240. An optional LED controller controls the brightness and the speed of the RGB LEDs or provides automatic run of the built-in color programs.

Supplied on a plastic reel, the LED stripes feature a self adhesive rear side for simple installation. Color and form can be used as desired as the strips are very flexible and adaptable to really every venue.

Think about the enormous power of LEDs and you can easily imagine, how effective 300 diodes are, when they are evenly spread over five metres. The first-quality LED ribbons are available in green, blue, yellow and white. When they are used for eight hours a day, their durability is about an unbelievable 33 years in average. Of all the advantages of the LED technology, this is the most impressive.

Features :

- Flexible LED strip for decorative lighting
- Perfect for indirect lighting, custom-made versions for fair or shop applications as well as all kinds of background lighting
- Indoor use
- Can be cut into segments of variable size (groups of 3 LEDs)

Logistica

EAN / GTIN: 4026397255072

Peso : 0,09 kg

Lunghezza : 0.16 m

Larghezza : 0.18 m

Altezza : 0.02 m

- Self-adhesive rear side
- Supplied on a plastic reel
- Matching control units and power units optionally available
- Different versions available
- 300 potenti LED SMD 3528 blu (B)
- Controllabile via accessori

Dati tecnici :

Alimentazione elettrica:	12V DC 2000 mA
Potenza totale installata:	24 W
Grado di protezione:	IP20
Allacciamento elettrico:	Pavimento cavo di collegamento con estremità aperte
Tipo di LED:	300 x SMD 3528 blu (B)
Attivazione:	Accessori
Installazione/Fissaggio:	Autoadesivo
Lampade/Metri:	60 Pezzo
Prestazioni/Metri:	4,8 W
Lampade/Tubo:	300 Pezzo
Distanza tra le lampade:	16 mm
Marcatura di taglio:	5 cm
Colore della custodia:	Bianco
Misure:	Lunghezza: 500 cm Larghezza: 0,8 cm
Peso:	0,08 kg
Prodotto speciale:	Non destinato all'illuminazione di ambienti domestici
Destinazione d'uso:	Illuminazione per effetti speciali
